The Honourable Lisa Raitt, M.P.
Minister of Transport
House of Commons
Ottawa, Ontario Canada K1A 0A6

Dear Minister Raitt,

I have reviewed The Inch Report, which I understand you were presented with in November 2014 by the Toronto Aviation Noise Group (T.A.N.G.).

I find the report interesting and trust you will review the document and give consideration to the proposed recommendations that are both innovative and effective solutions to the problem.

I look forward to your reply on how you plan to address the issue.

Sincerely,
